Final Programme

www.ehmsg.org
WELCOME TO THE

XXIX. International Workshop on Helicobacter & Microbiota in Inflammation and Cancer

in conjunction with

the EAGEN/EHMSG PGC “Gastrointestinal Microbiota in Health and Disease: what is the current evidence?” & the Healthy Stomach Initiative public awareness event in

Magdeburg, Germany

September 15 – 17, 2016

EAGEN Postgraduate Course
Gastrointestinal Microbiota in Health and Disease.
What is the current evidence?

Hotel Herrenkrug, Magdeburg, Festsaal, September 15, 2016
Course Directors: P. Malfertheiner, A. Gasbarrini, F. Megraud

8.30 hrs Welcome and introduction to the course

8.35h - 9.55 hrs Gastrointestinal Microbiota in Health
Chairpersons: Tamara Matysiak, France Emad El Omar, Australia

8.35h – 9.05 hrs Coevolution of gastrointestinal microbiota and the immune system - State of the art
Martin Blaser, USA

9.05h – 9.20 hrs Gastrointestinal microbiota and the contribution to healthy aging - 3 key questions with voting
Mirjana Rajlic-Stojanovic, Serbia

9.20h - 9.30 hrs How to modulate an ideal microbiota consortium in the gut: the role of nutrition and lifestyle - 3 key questions with voting
Alexander R. Moschen, Austria

9.30h - 9.40 hrs How to modulate an ideal microbiota consortium in the gut: the role of nutrition and lifestyle - Special comments
Francesco Franceschi, Italy

9.40h – 9.55 hrs Questions & Answers

9.55h – 10.40 hrs Antibiotics and the Gut Microbiota
Chairpersons: Jaroslaw Regula, Poland Petr Dite, Czech Republic

9.55h – 10.10 hrs Selected case scenario - 3 key questions with voting
Andreas Stallmach, Germany

10.10h - 10.20 hrs Antibiotics and the gut microbiota - Special comments
Francis Mégraud, France

10.20h - 10.40 hrs Pro/Cons session on diverticular disease
PRO: Tomica Milosavljevic, Serbia - CON: Lars Lundell, Sweden

10.40h – 11.00 hrs Break

11.00h – 13.00 hrs Gastrointestinal Microbiota in Disease
Chairpersons: P. Malfertheiner, Germany S. Suerbaum, Germany F. Di Mario, Italy

11.00h - 11.15 hrs H. pylori and other gastric microbiota in gastroduodenal pathologies
Emad El-Omar, Australia

11.15h - 11.25 hrs A case scenario patient with gastric cancer - 3 key questions with voting
Christian Schulz, Germany

11.25h - 11.35 hrs H. pylori and other gastric microbiota in gastroduodenal pathologies – special comments
Lars Engstrand, Sweden

11.35h - 11.50 hrs Gastrointestinal microbiota in the complexity of liver disease - 3 key questions with voting
Antonio Gasbarrini, Italy

11.50h - 12.00 hrs Gastrointestinal microbiota in the complexity of liver disease – special comments
Kerstin Schütte, Germany

12.00h - 12.15 hrs Gastrointestinal microbiota in obesity and metabolic syndrome - 3 key questions with voting
Piero Portincasa, Italy
12.15h - 12.25 hrs  **Gastrointestinal microbiota in obesity and metabolic syndrome – special comments**  
Julia Mayerle, Germany

Moderation: Julia Mayerle, Germany

12.25h - 12.45 hrs  **Special session: Bariatric surgery vs. medical therapy for the metabolic syndrome - impact on gut microbiota**  
Lars Lundell, Sweden  
4 statements for interaction with audience

12.45h – 12.55 hrs  **Question & Answers**

12.55h - 14.00 hrs  **Lunch**

14.00h – 15.45 hrs  **5 Messages for each TOPIC**  
Chairpersons: Ernst Kuipers, Netherlands,  Colm O’Morain, Ireland

14.00h – 14.15 hrs  **Gut microbiota and its role in allergic diseases**  
Anne Mueller, Switzerland

14.15h – 14.30 hrs  **Gut microbiota in IBD**  
Robert Haesler, Germany

14.30h – 14.45 hrs  **Gut microbiota and colon neoplasia**  
Georgina L. Hold, UK

14.45h – 15.00 hrs  **Gut microbiota: Relentless progress in diagnostics**  
Marius Vital, Germany

15:00h – 15.15 hrs  **Gut microbiota and psychiatric diseases**  
Thomas Frodl, Germany

15.15h – 15.30 hrs  **Questions & Answers Session**

15.30h – 15.45 hrs  **Break**

15.45h – 16.30 hrs  **Gastrointestinal Microbiota as Therapeutic Principles**  
Chairpersons: Günter Krejs, Austria, Tomica Milosavljevic, Serbia

15.45h – 16.05 hrs  **Probiotic bacterial species/strains: where is the evidence for efficacy – new trials**  
Philippe Marteau, France

16.05h – 16.25 hrs  **Probiotic fungal therapy in clinical practice with presentation of algorithms**  
Hania Szajewska, Poland

16.25h – 16.30 hrs  **Questions & Answers Session**

16.30h – 17.00 hrs  **Meet the Professor in Round Table (both groups in main room)**

1) **Fecal microbiota transplantation: established indications and future views How to do?**  
Theodore Rokkas & Franco Scaldaferrri & Alexander Link

2) **Management of antibiotic resistance and the role of probiotics: H. pylori, MRSA, VRSE**  
Francis Mégraud & Christian Schulz
08:00 - 08:15 hrs  Welcoming Addresses  Main Hall
Mayor of the city of Magdeburg, Lutz Trümper
President of the University Otto-von-Guericke, Jens Strackeljan

08:15 - 09:15 hrs  Opening Conference: Evolutionary Aspects of Human Kind and Gut Microbiota  Main Hall
Chairpersons: Peter Malfertheiner, Francis Mégraud

Symbiotic relationship between humans and our microbes
Martin Blaser, New York, NY, USA (20’)

The 5300-year-old *Helicobacter pylori* genome of the Iceman
Frank Maixner, Bolzano, Italy (20’)

Neanderthal DNA, *Helicobacter pylori* and the human immune system
Michael Dannemann, Leipzig, Germany (20’)

09:15 - 10:00 hrs  Plenary Workshop 1  Main Hall
Chairpersons: Karen Robinson, Georgina Hold

PW1.1 The presence of *H. pylori* significantly alters the pattern of the active bacterial community in gastric mucosa- a 16sRNA - deep sequencing approach

PW1.2 SHP1 is the *Helicobacter pylori* CagA-specific phosphatase that is dampened by Epstein-Barr virus
P. Saju, N. Murata-Kamiya, Masanori Hatakeyama, Tokyo, Japan (10’)

PW1.3 Increased abundance of beneficial bacteria is associated with clinical improvement in patients receiving rifaximin treatment

PW1.4 Effect on the intestinal microbiota and Clinical outcome of faecal microbiota transplantation in patients with UC

10:00 - 10:30 hrs  Coffee break

10:30 - 11:00 hrs  The Year in Helicobacter  Main Hall
Chairpersons: David Graham, Giovanni Gasbarrini

Diagnosis
Colm O’Morain, Dublin, Ireland (10’)

Treatment
Javier Gisbert, Madrid, Spain (10’)

Gastric cancer
Ari Ristimäki, Helsinki, Finland (10’)

11:00 - 11:30 hrs  Plenary Workshop 2  Main Hall
Chairpersons: Sybille Koletzko, Dmitry Bordin

PW2.1 The preliminary results of GISTAR pilot study in Latvia

P2.2 Pan-European Registry on *H. pylori* Management (Hp-EuReg): Interim analysis of the single-capsule bismuth quadruple treatment (Pylera®)

P2.3 A new, biologically relevant classification for adenocarcinoma at the gastroesophageal junction

7
11:30 - 13:00 hrs  Workshop 1: Diagnosis, Epidemiology & Pediatrics  Gartenhaus

Chairpersons: Michael Selgrad, Francesco di Mario

W1.0 Key Note: What are the challenges in Diagnosis?
Yaron Niv, Petach Tikva, Israel

W1.1 Evaluation of the new kit RIDA®GENE Helicobacter pylori real-time PCR for diagnosis of Helicobacter pylori in gastric biopsies
Lucie Bénéjat, A. Ducournau, P. Lehours, F. Mégraud, Bordeaux, France

W1.2 Multiplex species-specific DNA detection of Helicobater bilis and hepaticus
Daniela Höfler, J. Butt, M. Schmitz, P. Mauter, K. Schmidt, M. Pawlita, Heidelberg, Germany

W1.3 Comparison of microbiological and histological test for diagnosis of H. pylori infection.
Cosima Langner, A. Link, I. Tammer, T. Wex, P. Malfertheiner, Magdeburg, Germany

W1.4 Prevalence of Helicobacter pylori infection and cofactors in high and low gastric cancer risk areas of Chile: The ENIGMA 1 Study

W1.5 Diagnostic accuracy of urine Helicobacter pylori antibody test in junior and senior high school students in Japan
Masumi Okuda, K. Mabe, S. Kikuchi, M. Takamasa, M. Kato, M. Asaka, Sasayama, Japan

W1.6 Chronic atrophic gastritis in Italy: a population study on 10,000 people
Francesco Di Mario, S. Grillo, S. Landi, M. Franceschi, F. Baldassarre, R. Cannizzaro, N. Dal Bó, A. Gnocchi, V. Corrente, A. Bertelé, C. Scarpignato, M. Rugge, Parma, Italy

11:30 - 13:00 hrs  Workshop 2: Inflammation, Immunity, Vaccines, Host interaction - Bluethnersaal

Chairpersons: Julia Mayerle, Leif Andersen

W2.0 Key Note: Exploitation of regulatory signatures for cell survival in Helicobacter pylori infection
Michael Naumann, Magdeburg, Germany

W2.1 A new animal model of gastric lymphomagenesis? hAPRIl transgenic mice infected by Helicobacter species.
P. Floch, J. Izotte, E. Sifré, P. Costet, B. Rousseau, A. Giese, F. Mégraud, P. Dubus, H. Michael, Philippe Lehours, Bordeaux, France

W2.3 Helicobacter pylori infection can affect the immune response to oral enteric vaccines
Khitam Muhsen, M. F. Pasetti, D. Y. Graham, D. Cohen, M. M. Levine, Tel Aviv, Israel

W2.4 H. pylori specific induction of Th17 immune response ex vivo and in vitro
Arne Kandulski, W. Schirrmieister, A. Link, C. Langner, P. Malfertheiner, Magdeburg, Germany

W2.5 A polymorphism in Toll-like receptor-2, TLR-2 (Arg753/Gln) is functional and is associated with increased risk of duodenal ulcer.
G. A. Rocha, A. M. C. Rocha, F. F. Melo, S. A. Batista, Dulcione Queiroz, Belo Horizonte, Brazil

W2.6 E3 ubiquitin ligase-dependent NF-κB regulation in Helicobacter pylori infection
Olga Sokolova, A. Schmädicke, M. Rother, C. Rechner, T. Meyer, M. Naumann, Magdeburg, Germany
13:00 - 14:00 hrs  Satellite Symposium - See page 15 for more information  Main Hall

14:00 - 15:00 hrs  Lunch Break and Poster Rounds from Submitted Abstracts  Poster Area

**Diagnosis of Helicobacter infection**  
Chairpersons Group 1: Yaron Niv, Michael Selgrad  
Chairpersons Group 2: Colm O’Morain, Adrian McNicholl

**Epidemiology**  
Chairpersons Group 1: Gerardo Nardone, Jan Bomschein  
Chairpersons Group 2: Limas Kupcinskas, Manfred Kist

**Paediatrics**  
Chairpersons: Sibylle Koletzko, Mohammed Alborai

**Virulence factors and pathogenesis of Helicobacter infection**  
Chairpersons Group 1: Julia Mayerle, Sebastian Suerbaum  
Chairpersons Group 2: Thomas Wex, Han Remault

**Microbiology and genomics of Helicobacter**  
Chairpersons: Francis Mégraud, Georgina Hold

**Gastric cancer and cancerogenesis**  
Chairpersons Group 1: Bojan Tepes, Tamara Matysiak-Budnik  
Chairpersons Group 2: Massimo Rugge, Marino Venerito

15:00 - 16:30 hrs  Symposium: Advances in endoscopic imaging in infectious and non infectious diseases  Main Hall

Chairpersons: K. Sugano, P. Malfertheiner

**What can HD endoscopy contribute to gut microbiota research?**  
Ken Sugano, Shimotsuke, Japan (15')

**Assessment of gastric atrophic changes and follow up by using advanced endoscopy imaging**  
Raf Bisschops, Leuven, Belgium (15')

**Gastric inflammatory disease and Kyoto classification**  
Mototsugu Kato, Hakodate, Japan (15')

Still a role for the pathologist?  
Massimo Rugge, Padova, Italy (15')

**Pseudomembranous colitis: before and after fecal microbiota transplantation**  
Jochen Weigt/Alexander Link, Magdeburg, Germany (10')

**How does HD endoscopy influence management of inflammatory bowel disease?**  
Hendrik Manner, Wiesbaden, Germany (15')

**Gastrointestinal inflammatory diseases: Where are we heading?**  
Peter Malfertheiner, Magdeburg, Germany (5')

16:30 - 17:00 hrs  Coffee break

**Parallel Workshops with Key Point Lectures and Submitted Abstracts**

17:00 - 18:30 hrs  Workshop 3: Treatment & Drug Resistance  Gartenhaus

Chairpersons: J. Labenz, Ki-Baik Hahn

**W3.0 Key Note: What are the challenges in Treatment?**  
Franco Bazzoli, Bologna, Italy

**W3.1 Comparing 10- or 14-day sequential therapy with 10- or 14-day concomitant therapy in the first line empirical treatment of Helicobacter pylori infection**  
Byung-Wook Kim, J. Kim, S. Park, Y. Kim, G. Kim, T. Gweon, Incheon, South Korea
W3.2 Efficacy of 7-day genotypic resistance-guided triple therapy for *Helicobacter pylori* eradication
N. Mathou1, S. Lycousi, *Vasilios Papastergiou*, K. D. Paraskeva, A. Giannakopoulos, A. Evgenidi, E. Platsouka, J. A. Karagiannis, Athens, Greece

W3.3 Vonoprazan-based rescue eradication therapy for patients who have ever failed in the eradication of *H. pylori*.

W3.4 Effect of IL-1 polymorphisms, CYP2C19 genotype and antibiotic resistance for *Helicobacter pylori* eradication comparing between 10-day sequential therapy and 14-day standard triple therapy with four-time-daily dosing of amoxicillin: A prospective randomize
*K. Phiphatpatthamaamphan, Ratha-korn Vilaichone, S. Siramolpiwat, A. Tangaroonsanti, S. Chonprasertsuk, P. Bhanthumkomol, B. Pornthisarn, V. Mahachai, Bangkok, Thailand

W3.5 Primary resistance of *Helicobacter pylori* to clarithromycin, levofloxacin and tetracycline in Germany
B. Bluemel, H. Goelz, B. Eisele, *Erik Glocker*, Freiburg, Germany

W3.6 Antimicrobial resistance and treatment outcome for *H pylori* infections in Alaska

17:00 - 18:30 hrs  **Workshop 4: Virulence Factors, Pathogenesis and Inflammation**
*Bluethnersaal*
Chairpersons: Christine Josenhans, Jose Machado, Michael Vieth

W4.0 Key Note: New insights in *H. pylori* virulence
*Karen Robinson*, Nottingham, United Kingdom

W4.1 Identification of genes associated with Gastric Cancer by GWAS approach in *Helicobacter pylori* 
*Elvire Berthenet*, L. Mageiros, D. Falush, K. Yahara, K. Thorell, S. K. Sheppard, Swansea, United Kingdom

W4.2 Development and characterization of an inducible genetic system in *Helicobacter pylori* to express a peptide inhibitor of serine protease HtrA
*N. Tegtmeyer, M. Böhm*, *Steffen Backert*, Erlangen, Germany

W4.3 Repressed TGF-beta signaling through CagA-Smad3 interaction worsened *H. pylori* -associated gastritis
*Ki Baik Hahm*, H. Lee, Y. Shin, S. Choi, Seongnam, South Korea

W4.4 *H. pylori* vacA genotype is a predominant determinant of immunologic response to *H. pylori* CagA

W4.5 Genomes of *Helicobacter pylori* prophages

W4.6 Genome dynamics and functional molecular infection epidemiology of multidrug resistant *Helicobacter pullorum* isolated from retail wet market poultry in India
S. Qumar, M. Majid, *Niyaz Ahmed*, Hyderabad, India

18:30 - 18:50  **Special Lecture: Gut Microbiota**
*Chairpersons: Dan L. Dumitrascu, Andreas Stallmach*

Gut Microbiota in Inflammatory Bowel Disease
Paul Moayyedi, Hamilton, Canada (20’)

20.00 hrs  **EHMSG Networking Dinner at the Jahrtausend Turm**
08:15 - 10:00 hrs  Symposium: *H. pylori Infection and Host Interaction*  
*Chairpersons: Tamara Matysiak Budnik, Rainer Haas*  

**Main Hall**

- **Structural insight in *H. pylori* adherence**  
  *Han Remaut, Brussels, Belgium (15'*)

- **Evolution of Helicobacter and nickel metabolism**  
  *Hilde de Reuse, Paris, France (15'*)

- **Genomic plasticity of *H. pylori* during infection**  
  *Sebastian Suerbaum, Munich, Germany (15'*)

- **Oncogenic signaling during *H. pylori* infection**  
  *Steffen Backert, Erlangen, Germany (15'*)

- **Microbe signaling at the gastric mucosa level**  
  *Thomas Meyer, Berlin, Germany (15'*)

- **Debate: *H. pylori* has protective potential (20')**  
  *Pro: Anne Müller, Zurich, Switzerland (10')*  
  *Contra: Joachim Labenz, Siegen, Germany (10')*

- **Discussion (10')**

10:00 - 10:30 hrs  Coffee break

10:30 - 11:30 hrs  **The Year in Gut Microbiota**  
*Chairpersons: Mirjana Rajlic-Stojanovic, James Fox*  

**Main Hall**

- **Methodology**  
  *Lars Engstrand, Solna, Sweden (15')*

- **From taxonomic approaches towards functional based analyses**  
  *Marius Vital, Hannover, Germany (15')*

- **Fecal Microbiota Transplantation**  
  *Theodore Rokkas, Athens, Greece (15')*

- **Antibiotics - From good to evil**  
  *Antonio Gasbarrini, Rome, Italy (15')*
Parallel Workshops from Submitted Abstracts

11:30 - 13:00 hrs  Workshop 5: Gastric Cancer and Carcinogenesis  Gartenhaus

Chairpersons: James Fox, Albert Rössner

W5.0 Key Note: What are the challenges in Gastric Cancer?
Wei-Cheng You, China

W5.1 Activation of the Hippo/YAP signaling pathway in gastric epithelial cells in response to Helicobacter pylori infection
Silvia Molina-Castro, C. Staedel, S. Fernandez, J. Giraud, E. Bessède, P. Lehours, F. Mégraud, C. Varon, Bordeaux, France

W5.2 Suppressed Helicobacter pylori-associated gastric tumorigenesis in fat-1 transgenic mice producing endogenous omega-3 polyunsaturated fatty acids
Ki Baik Hahm, Y. Shin, S. Choi, J. Kang, Seongnam, South Korea

W5.3 RACK1: a new player in NF-κB signaling pathway induced by Helicobacter pylori infection
Yi Hu, Z. Xiong, J. Liu, Y. Zhu, N. Lv, Nanchang, China

W5.4 LINE-1 hypomethylation is a rare event in preneoplastic stages of gastric carcinogenesis
Juozas Kupcinskas, R. Steponaitiene, C. Langner, J. Skieceviciene, L. Kupcinskas, P. Malfertheiner, A. Link Kaunas, Lithuania

W5.5 Recovery of gastric function in chronic atrophic gastritis: a 3 years study
Francesco Di Mario, S. Grillo, S. Landi, G. Grande, M. Riccò, M. Franceschi, F. Baldassarre, R. Cannizzaro, D. Nadia, A. Gnocchi, V. Corrente, A. Bertelè, M. Rugge, Parma, Italy

W5.6 Is pepsinogen screening in general Caucasian population justified: results from a cross-sectional population study in Latvia

11:30 - 13:00 hrs  Workshop 6: Helicobacters and Extragastric Diseases  Bluethnersaal

Chairpersons: Limas Kupcinskas, Francesco Franceschi

W6.0 Key Note: H. pylori extragastric diseases - Truth and supposition
Bojan Tepes, Rogaska Slatina, Slovenia

W6.1 The cytolethal distending toxin CdtB subunit of Helicobacter triggers the expression of the MafB oncoprotein in intestinal and hepatic cell lines
Armelle Ménard, C. Péré-Védrenne, A. Buissonnière, J. Izotte, A. Giese, B. Cardinaud, F. Mégraud, Bordeaux, France

W6.2 Novel Helicobacter Species H. japonicum Isolated from Laboratory Mice from Japan Induces Typhlocolitis and Lower Bowel Carcinoma in C57BL/129 IL10-/- Mice
Z. Shen, Y. Feng, S. Muthupalani, A. Sheh, L. E. Cheaney, C. A. Kaufman, G. Gong, B. J. Paster, James Fox, Cambridge, United States

W6.3 Helicobacter heilmannii-induced salivary and lacrimal gland lymphocytic infiltration in mouse: relation to Sjögren syndrome
Masahiko Nakamura, A. Øverby, Y. Kodama, H. Matsui, S. Takahashi, Tokyo, Japan

W6.4 Associations of Helicobacter pylori infection and peptic disease with diabetic mellitus: results from a large population-based study
S. Haj, G. Chodick, R. Refalei, S. Goren, V. Shalev, Khitam Muhsen, Tel Aviv, Israel

W6.5 Cytolethal distending toxin promotes intestinal carcinogenic potential of Helicobacter hepaticus in 129Rag2-deficient Mice
Zhongming Ge, L. Ge, Y. Feng, N. Parry, S. Muthupalani, J. G. Fox, Cambridge, United Kingdom

W6.6 HC-NAP is a pro-atherogenic antigen produced by Helicobacter cinaedi
Marina de Bernard, M. M. D’Elios, G. Codolo, Padua, Italy
13:00 - 14:00 hrs  Satellite Symposium - See page 15 for more information

14:00 - 15:00 hrs  Lunch Break and Poster Rounds from Submitted Abstracts

Treatment of Helicobacter infection
Chairpersons Group 1: Guenter Krejs, Varocha Mahachai
Chairpersons Group 2: Franco Bazzoli, Bojan Tepes
Chairpersons Group 3: Marcis Leja, Tomica Milosavljevic
Chairpersons Group 4: David Graham, Joachim Labenz

Drug resistance and clinical issues
Chairpersons: Javier Gisbert, Luiz Coelho

Inflammation, immunity, vaccines and host interaction

PUBLIC AWARENESS EVENT
MAGDEBURG 2016

Supported by:

Endorsed by:

European Helicobacter & Microbiota Study Group

World Gastroenterology Organisation
GENERAL INFORMATION

In alphabetical order.

Badges
Participants should collect name badges from the conference registration desk. As only registered participants will be permitted to attend the Scientific Sessions, the Exhibition and poster areas, you are kindly asked to wear your badge when entering the congress venue.

Cancellations and Refunds
Notice of cancellation had to be made in writing by email or fax to the Congress Office. The policy for refunding registration fees is as follows:
Written cancellation received:
- Before August 12, 2016: 75% refund
- After August 12, 2016: no refund
The date of the email or fax ID is the basis for considering refunds. Refunds will be made after the congress.

Certificate of Attendance
Confirmations of attendance will be issued at the registration desk.

Cash Dispensers
ATMs are widely available in Magdeburg. Local currency (Euro) can also be obtained from banks and exchange bureaus.

CME Credits
The “XXIXth International Workshop on Helicobacter and Related Bacteria in Chronic Digestive Inflammation and Gastric Cancer” was granted 12 European CME credits (ECMEC) by the European Accreditation Council for Continuing Medical Education (EACCME).
The EAGEN Postgraduate Course “Gastrointestinal Microbiota in Health and Disease. What is the current evidence?” was granted 6 European CME credits (ECMEC) by the European Accreditation Council for Continuing Medical Education (EACCME).

Coffee Breaks and Lunch
During the session breaks refreshments (coffee, tea, and water) will be served free of charge to participants wearing name badges.
Lunch tickets for Friday and Saturday had to be pre-ordered and cannot be purchased on site. Lunch tickets are not refundable.

Congress Venue
XXIXth Workshop of the EHMSG:
Stadthalle Magdeburg, Heinrich-Heine-Platz 1, 39114 Magdeburg, Germany

EAGEN Postgraduate Course:
Hotel Herrenkrug - Festsaal, Herrenkrug 3, 39114 Magdeburg, Germany

How to reach the Venue
Closest stops to the Stadthalle (tram or bus) are: Hesselbachplatz & Zollhaus
Bus No 59 offers a few transfers from Hesselbachplatz to the Stadthalle. Walking distance from Hesselbachplatz or Zollhaus bus/tram stops to the Stadthalle is approx 15 minutes.

Currency
The official currency of Germany is the Euro (EUR).
1 EUR = 1,11 USD = 0,83 GBP = 103 JPY = 1,30 CHF = 8,86 DKK = 1,32 AUD = 1,29 CAD
as per date of printing.

Electricity Supply
230V - 50Hz; Sockets typ F. Connectors can be obtained from your hotel reception or electronic stores.
GENERAL INFORMATION

GSM cell phone roaming
GSM cell/mobile phone roaming is available without any problems for all major international providers. It is advisable to inquire at your provider which roaming company in Germany offers the cheapest tariffs.

Internet
You will find Internet cafés throughout the city. WIFI is available, please ask for a code at the registration desk.

Language
The official language of the congress is English (no simultaneous translation).

Liability
In registering for the EHMSG 2016 participants agree that neither the organising committee nor the congress office assume any liability whatsoever. Participants are requested to make their own arrangements in respect of health and travel. Furthermore, the organisers cannot assume any liability for changes in the programme due to external or unforeseen circumstances and force majeure.

Opening hours of the registration desk at the Congress Centre
Thursday, September 15, 2016:  07.30 – 17.00 hrs
Friday, September 16, 2016:  07.00 – 19.00 hrs
Saturday, September 17, 2016:  07.45 – 19.15 hrs

Poster Removal
The organisers cannot assume any liability for loss or damage of posters displayed in the poster area. Posters that were not removed after the end of the respective day of display, will be removed and will not be kept nor mailed to the author after the meeting.

Presentations
All presenters should hand in their electronic presentation to the technician of the according lecture room in a break at least 1 hour before your talk either via USB-Memory Stick or DVD-Rom (30 minutes for talks in the first morning sessions).

Due to EACCME regulations, authors are requested to disclose possible conflicts of interest on the first slide.

A conflict of interest is any situation in which a speaker or immediate family members have interests, and those may cause a conflict with the current presentation. Conflicts of interest do not preclude the delivery of the talk, but should be explicitly declared. These may include financial interests (e.g. owning stocks of a related company, having received honoraria, consultancy fees), research interests (research support by grants or otherwise), organisational interests and gifts.
If you have nothing to disclose, please state “I have no commercial disclosure” instead of the table.

Safety - Crime
Visitor safety is generally adequate, like in any other major European city. You can walk everywhere using common sense. Pick pocketing in heavily visited tourist zones or in public transport lines might be a concern.
Unfortunately experience has shown that some basic precautionary measures should always be kept in mind in any city:
- Do not carry important items like flight tickets, passports etc. with you when visiting the conference or strolling through the city, leave them in the hotel safe during your stay. Rather carry a Xerox copy of your passport or an identity card with you.
- Try not to carry all documents, money, credit cards and other essential items and valuables in one bag. If it is lost or stolen, everything will be gone and might be difficult to replace on short notice, especially passports and visa to return to your country of residence.
- Take off your name badge when leaving the conference venue, it will make you easily identifiable as a tourist.
GENERAL INFORMATION

Smoking Policy
The EHMSG 2016 Workshop is a “No-smoking-Conference”.

Staff
If you should have any questions, the congress staff will be pleased to help you.

Weather
September in Magdeburg

WONDERFUL WALKING TOURS THROUGH MAGDEBURG

Come and enjoy a guided walking tour through the city of Magdeburg and you won’t believe your eyes. The former fortress and Hanseatic city is sure to surprise you with a multitude of interesting sights, attractions and historical insights that you simply have to experience up close and in person.

A guided city tour in Magdeburg is the best way to gain a comprehensive overview of the wide variety of stunning landmarks that can be found in the capital city of the German Land of Saxony-Anhalt. Your walking tour of the city can be tailored to suit your individual needs and desires. The city has so many sights and attractions to offer that it's easy to find the perfect tour focus for every taste.

To top it off, if your feet start to ache but you haven’t yet seen all of the city’s highlights, you can also choose to sit back and relax in a double-decker bus or go on a boat trip with the “Weiße Flotte” (White Fleet) to see even more. Our guided tours enable you to constantly re-discover the impressive city of Magdeburg from a number of different fascinating perspectives.

GUIDED PUBLIC WALKING TOUR – 2 HOURS

Come and explore the history of the city of Magdeburg by the river Elbe on foot and discover a multitude of impressive buildings and structures.

This guided walking tour will take you to the city’s old market square (Alter Markt) and its “Magdeburg Horseman” statue and to St John’s Church, in which Martin Luther once preached. You will also visit Romanesque buildings such as the Art Museum in the Monastery of Our Lady and have the chance to find out more about the artist Friedensreich Hundertwasser and his vision of architecture in harmony with nature, which he brought to life in the GREEN CITADEL OF MAGDEBURG.

The tour ends at the Romanesque Art Centre, which is located in close proximity to Magdeburg Cathedral, the city’s over 800-year-old landmark.

This guided public walking tour of Magdeburg does not need to be booked in advance.

Available: All year round
Daily (including Sundays and public holidays)
11:00am-1:00pm

Price: 6 Euros* for adults
3 Euros* for children (aged between 6 and 14)
Free for children under the age of 6

* 1 Euro discount for holders of the SWM Card (max. 4 people per card)
* Free with the Magdeburg Tourist Card
MAKE THE MOST OF THE TOURIST TAXI

Our tourist taxi service is a completely unique opportunity for you to sit back and relax as you are driven around the sights and attractions of Magdeburg, the capital city of the German Land of Saxony-Anhalt and its surrounding Elbe-Börde-Heide region.

To make the most of this opportunity, simply call the tourist taxi from your home or hotel and a well-trained taxi driver will pick you up and take you on your own personal tour. Child seats can also be provided on request.

To book your ride in the tourist taxi, please call the central taxi service on: +49 391 737373.

Tour 1
The Highlights of Magdeburg (including the area east of the river Elbe)
Time: Whenever you choose
Price: 45 Euros
Duration: Approx. 105 minutes
No. of passengers: From 1 to a maximum of 8 passengers
Starting point: Your chosen location in the city centre
End point: Your chosen location in the city centre
